WORK EXPERIENCE

Full Stack Developer & UI/UX Designer — UET Mardan (Internship / Project Role)

- Delivered production-ready React.js frontend ('Lawazana' client project) with reusable component architecture, clean state management, and pixel-perfect responsive design.
- Built complete e-commerce platform using CodeIgniter (PHP) & MySQL — backend REST APIs, payment integration, inventory management, and admin dashboard.
- Designed and delivered UI/UX for 5+ projects end-to-end in Figma: user research, wireframes, high-fidelity mockups, interactive prototypes, and developer handoff.
- Developed and integrated REST APIs consumed by React.js and React Native frontends.

Intelligent System Design (Pvt) Ltd. — AI-Based Systems Design & Development Intern | April 2026– June 2026

- Successfully completed internship focused on AI-based systems design, software development, and web/app design concepts.
- Developed and designed websites, social media posts, and digital brochures according to project requirements.
- Created UI/UX designs in Figma, including wireframes, prototypes, and user-focused interfaces.
- Prepared elevator pitches, presentations, and business plans for technology-based solutions.

KEY PROJECTS

Final Year Project — Real-Time Mobile & Web Application

Python · FastAPI · React.js · Figma

- ▶ Sole UI/UX designer — independently created full Figma design system: user flows, wireframes, high-fidelity mockups, and interactive prototypes.
- ▶ Developed React.js (web) frontend with real-time data through a custom Python/FastAPI backend.
- ▶ Received exceptional faculty feedback: demonstrated strong understanding of user-centered design and modern interface standards.

E-Commerce Platform — Full Stack

CodeIgniter · PHP · MySQL · Bootstrap

- ▶ Full MVC solution: user authentication, product catalog, shopping cart, checkout, and order management — end-to-end ownership.
- ▶ Optimized database schema for real-world load; system handles live transactions and full inventory lifecycle.

Lawazana — Client Delivery Project

React.js · REST API · JavaScript · CSS3

- ▶ Built production-ready frontend with reusable components; integrated RESTful APIs and ensured pixel-perfect responsive design.
- ▶ All client requirements met and approved on schedule.
